This is second year in a row

For the second consecutive year, the Indian Institute of Technology Hyderabad (IIT-H) has bought the convocation attire from Pochampally in Yadadri-Bhonagir district.

More than 500 dresses were purchased from weavers in that area.

The orders for the attires were placed well in advance for those to be ready well before the beginning of the convocation.

This time the dress code is white pajama and kurtha with light yellow or blue coloured stoll on the top.
